

ODYSSEY '75

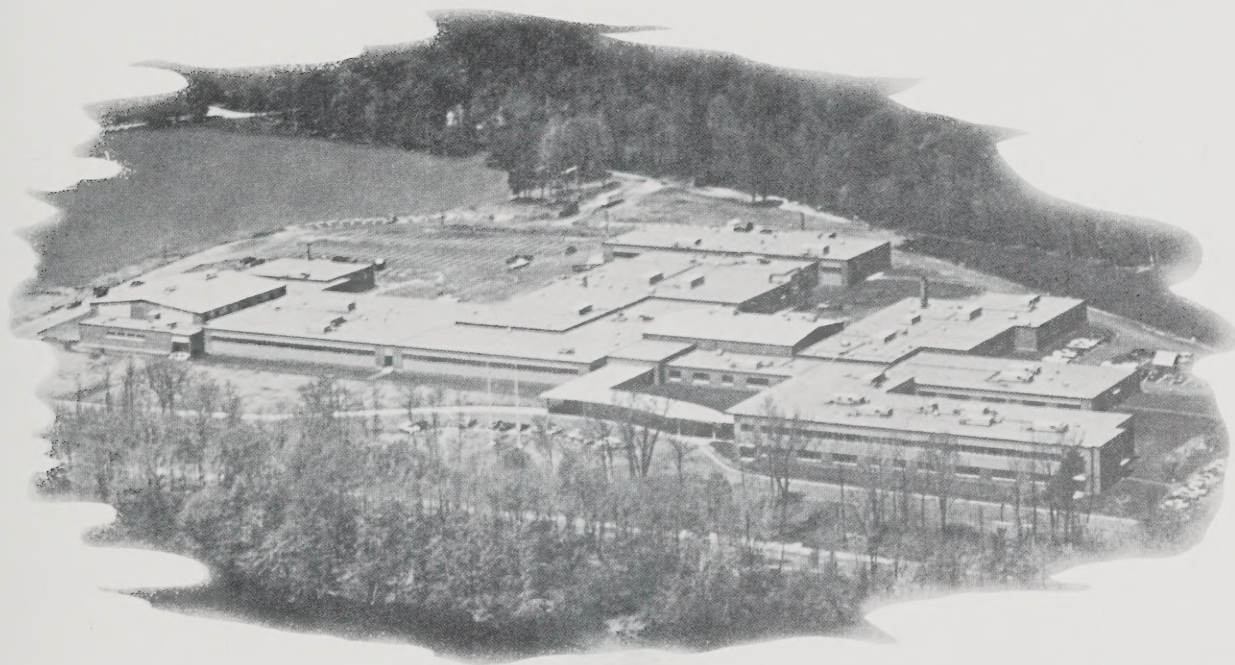

Steve Johnson

*IT COMMENCED AS A DREAM IN SOMEONE'S MIND
PRESENTLY A PLAN MATURED, AND THE MULTITUDE CONSENTED
LAND WAS SELECTED, BARREN AS IT WAS,
AND A FOUNDATION EVOLVED INTO A STRUCTURE . . .*

Our School—"Monty Tech"

*This would hold our hopes and dreams
and gradually become more prosperous and beneficial to us.*

*We must now sadly say goodbye to our friends and teachers
whom we have known and loved.*

*We shall be evermore grateful for the ways they have enriched our lives,
by the results of their teachings.*

*We have acquired knowledge of endless opportunities,
and have developed our senses to their most favorable advantages.*

We have sown many virtues, and have nurtured them in our hearts and minds.

We shall never forget our old friend, as we leave behind new concepts of education.

*The doors are unlocked for people who seek to learn their living;
people who will follow in our footsteps.*

*Judie Trainque
Class of '75*

*Will We
Ever
Forget . . .*

Our care should not be so much to live long as to live well;
"So you'll live, you'll live . . .
In the gleam of the evening star,
In the wood--note wild and laughter of the child,
In all sweet things that are
And you'll never die, my wonderful boy,
While life is noble and true;
For all our beautiful and hope and joy
We will owe to our lads like you."

Senior Class Officers: Left to Right: Frank J. Foster, President; Susan Mularella, Vice-President; Karen Vaillancourt, Treasurer; Susanne M. Cormier, Secretary.

Congratulations to the Senior Class as the first to complete the entire four-year program at "Monty Tech".
 I extend best wishes for continued success to the members of this Senior Class.

Harry Sauberman

Harry Sauberman, Senior Class Advisor

ADMINISTRATION

Mr. George L. Ross, Superintendent-Director

Mrs. Constance T. Amato, Secretary

There are many occasions which give one the feeling of history repeating itself, yet conditions never completely revert back to what they once were. Your parents, no doubt, have been reminiscing of their youth during the Depression and are rather apprehensive for your future; nevertheless, he who has a trade will always be self-sufficient. This, surprisingly, is a loose interpretation of a statement in the Old Testament. It paraphrases the important concept that if you master the skills and develop competency in a vocation, then you have the wherewithal to withstand economic and social problems.

George L. Ross

Mr. Richard D. Horgan

The Class of 1975 is the first class to complete four years at "Monty Tech". You have been the foundation of "Monty Tech" since that first day we opened our doors in September 1971. You have grown and matured along with us. I am proud of what "Monty Tech" has accomplished during these years, and I am even prouder of you and the cooperation your class has given to us, so that our school is the excellent Vocational-Technical school that it is today.

We have prepared you for the future; your success is in your hands. My wish is that each and every member of the Class of 1975 will fulfill his or her desires and have a happy, meaningful, and productive life.

Best Wishes,
Richard D. Horgan

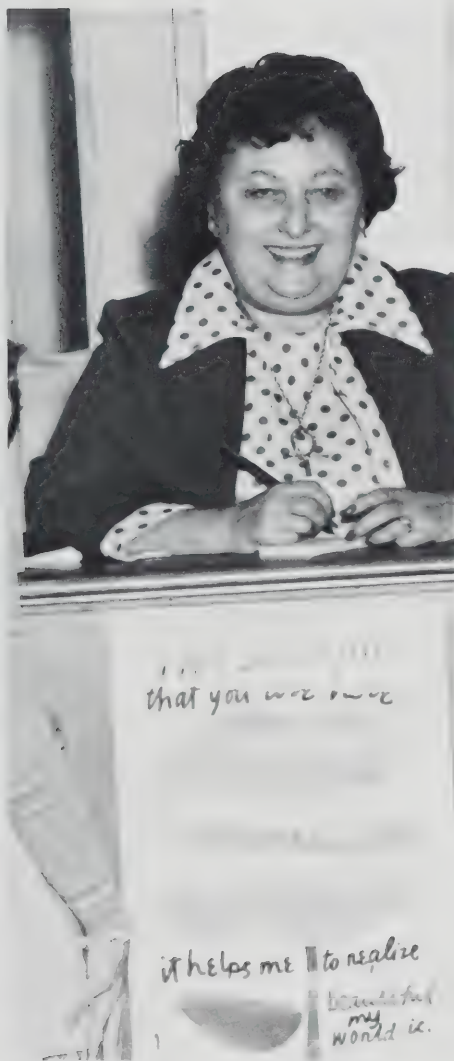

Mrs. Mooneen M. Corley, Secretary

Mrs. Mary Jean Clark, Switchboard Operator

Administrative Coordinator

Mrs. Georgianna E. Caulmare, Clerk
Typist

Mr. Richard P. Curcio

After four years, you, the Class of 1975 are prepared to go out into the "real world". Monty Tech has scolded, prodded, praised and trained you. Now, you are ready to apply those worked for skills and hard lessons in a job and in life. Don't become strangers to your school. Let us know how we can help you and, we in turn will expect your continued effort to keep Monty Tech #1. I wish you success and happiness--go in peace.

R. Curcio

OCCUPATIONS

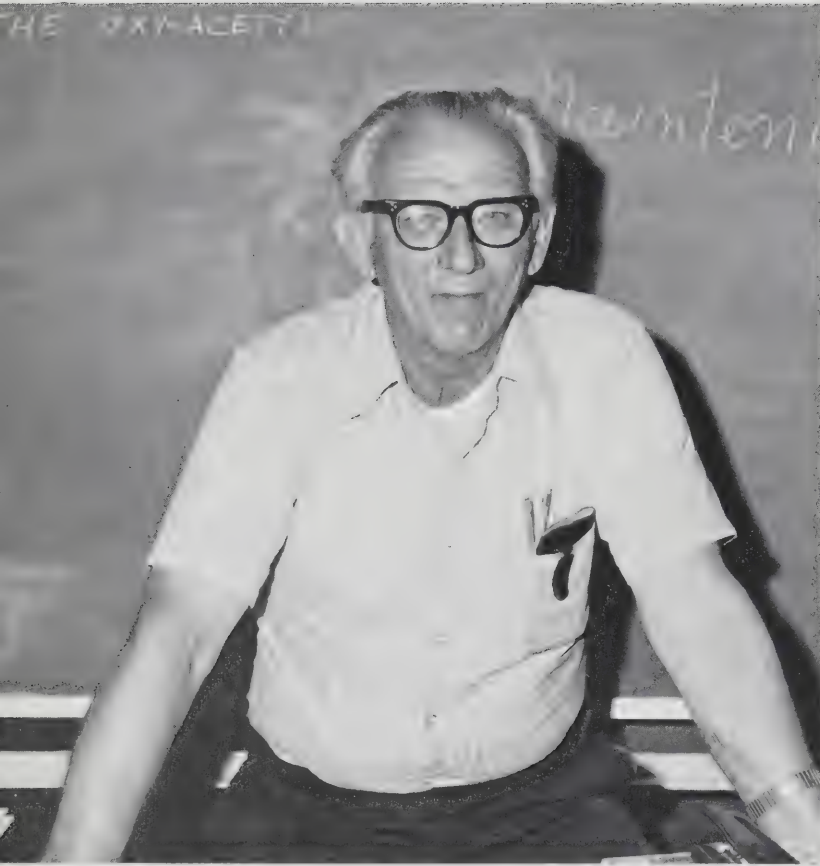

Air Conditioning Heating/Refrigeration

Almost everybody believes that his trade will save the world but, in the case of Air Conditioning and Heating, it may be true. You have all heard about the energy crisis we are not using more energy that we can get, and every 15 years we double our usage. Now, how can we avoid this? A good mechanic can often get 25% more out of a gallon of oil; a well designed system can save 80% of the energy used for ventilation; a solar heating system can save approximately 90% of the energy used to heat a house. We can even use the sun to cool a building in the summer at very little expenditure of energy.

So don't worry

**AIR CONDITIONING AND HEATING WILL
SAVE THE WORLD if you let us.**

Auto Body

The first automobiles were developed from the early horsedrawn carriage. As time went on, the automobile bodies were made larger and more stylish. The bodies of these early automobiles were constructed almost entirely of wood as sheet-metal forming techniques were not yet developed. As the demand for, and use of, automobiles increased, new stamping methods were developed by which sheet-metal panels could be formed to any desired shape. The stampings and outer panels were spot welded together to form the all-steel body shell. To this present day, the reason for a body shop is to repair the modern cars that have been damaged.

Auto Mechanics

It is rewarding to note that the Automotive students at "Monty Tech" are recognized. This fact is due to the economic, energy crisis and the recession period we are experiencing. It is interesting to note that many of the working population are in some way connected with this industry. Automotive Technicians will be in demand more than ever with this current economic dilemma. More repairs to automobiles rather than replacement, with more emphasis on technical skills and sophisticated equipment will be the order of the day. We wish the Graduating Class success in the challenge that the Automotive Industry has to offer.

Carpentry—Millwork Cabinet Making

You will soon be seeing "Monty Tech's Carpentry Maxi-Van" around town, as we will have a complete House Building Project.

In the meantime, we have remodeled the former Nurse's living quarters at Burbank Hospital into new facilities for the Mental Health Association. We have also constructed an addition to a home in Gardner; remodeled the Red Cross building in Fitchburg; and worked on the Ranger Cabin at Camp Collier, Boy Scouts of America in Gardner. Cabinet Making has been involved in constructing school furniture as well as distinct creations in Cabinetry. Good Luck to the Seniors from the Staff of these fine Trades! Remember "WOOD IS WONDERFUL"

Electronics

The Electronics Department is proud to announce that it is one of the finest, best equipped training facility in any school. It is second to none, better than most in Staff, students and equipment. We have everything necessary to teach students from Basic Electricity to Computer Maintenance, and we train them on the same type of test equipment used in industry.

This industry is so diversified that our graduates could get a job with the Telephone Company, a Radio/TV Repair Shop, a communications company, or several places in the Computer industry, such as Data Terminals or Computer Processor; each of these areas are involved with design, manufacture, installation, maintenance and sales. So if you are interested in learning what the modern Electronic world is really all about, ask one of our graduates. Good Luck to all of them!

Machine and Tool Drafting

One of the most fundamental and necessary tools used in the "World of Technology" is Drawing. Drawing is the universal language that can be understood by people of all nations.

The needs for Draftsmen and Designers increases at the same rate as modern technology increases. It is the Draftsman's responsibility to produce the working drawings that will be used in manufacturing.

They must be constantly aware of change and they are responsible for change. The future lies in the hands of today's graduates. Good Luck to them in the World of Engineering!

Sheet Metal Fabrication

People who are not directly connected with this Trade can imagine the importance of Sheet Metal in our daily lives. Many products used in the home, factory, office, on the farm, and in all types of transportation are made of Sheet Metal. Metal Fabrication is the study of the operations of the machines and tools used in the layout, cutting, shearing, forming and assembling of sheet metal products. This course trains students in the set-up and operation of machines in fabricating these products. Upon graduation, the student should be able to perform at a level necessary for this line of work.

Related Drafting Blue Print Reading

"The earth was made by God, God's work made Him happy because he saw His work was good;"

Man, also must work to remain happy within himself. To work, man must first understand in his mind, for his hands to do it: knowing how to read Blueprints is a language the tradesman uses to accomplish such work. Good Luck in this new language as you go out in the world to put this in practice!

Raphael W. Godin

**ALLIED
HEALTH**

**COMMUNITY
SERVICES**

Mrs. Helen Jansson, Instructor

Mrs. Joyce D. Folkart, Instructor

As part of our training for becoming Child Care Aides, we learn that each child is unique, and for that reason beautiful. He develops according to a pattern that is the same for all of us, but he grows and learns in his own way at his own rate. We learn that play is a child's work. By exploring and experimenting, he is learning about his world, himself, and other people. We learn when to ask questions, and when to listen; when to step into a situation and when to let children work things out for themselves. Helping the children feel good about themselves makes us feel good about ourselves. And, while we are busy learning about little children, we are also learning to understand ourselves.

Health Core

People helping people is the basic philosophy of the Health Core Program. The skeleton in Room 101 is the "best friend" of our students. Health Core juniors and seniors take out and then replace the stomach, liver, lungs, kidneys, brain and other body organs of the half-person, half-muscle model who keeps the skeleton company when the students are in Academics or out on clinical affiliation in a local Nursing Home where they develop the skills of patient care necessary for a Nurse Aide or Orderly.

Good Luck, Seniors!

"74"

BASEBALL

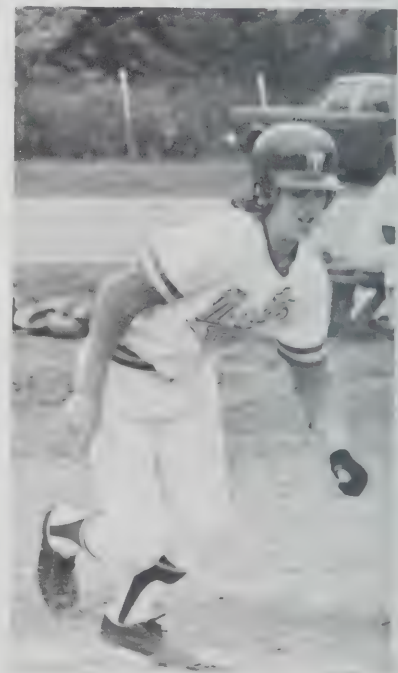

The Monty Tech Varsity Baseball Team has compiled a record of 10-24 for the seasons of '73 and '74. The team has had great games with rivals Notre Dame, St. Bernards, and Gardner. The 1975 team should be impressive because of the team's experience and the loss of only 3 seniors from the starting lineup. The team of 1975 is the first to play a home game on our new field.

Freshman Baseball Team of 1974: Wayne Shaw, Dennis Maxfield, Roger Fluett, Edward Fitzgerald, Harry Stone, Robert Thibeault, Daniel Legrow, Erkki Okalla, Coach Mitchell Charkewicz, Dave Madigan, Albert Marceau, Mark Schachetti, Mark Pelletier.

Varsity Baseball Team 1974: Asst. Coach James Maattala, Bill Casey, Paul Plante, Robert Rehler Co-Capt. David Stone, Harry Stone, Dan Gage, Martin Blanchard, Head--Coach Martin Sivula, Paul Landry, Rick Lapointe, Mark Christian, Pete Pelletier, Co-Capt. Craig Little, Roger Boivin, Robert Poirier.

GIRLS SOFTBALL

Front Row L-R: Sue Cormier, Diane Amico, Donna Leger, Ann Dembek. Back Row L-R: Coach Sapienza, Diane McCaw, Tina Boudreau, Eleanor Demont, Debbie Coombs, Paula Aubin. Not present when picture was taken: Denise Rushford.

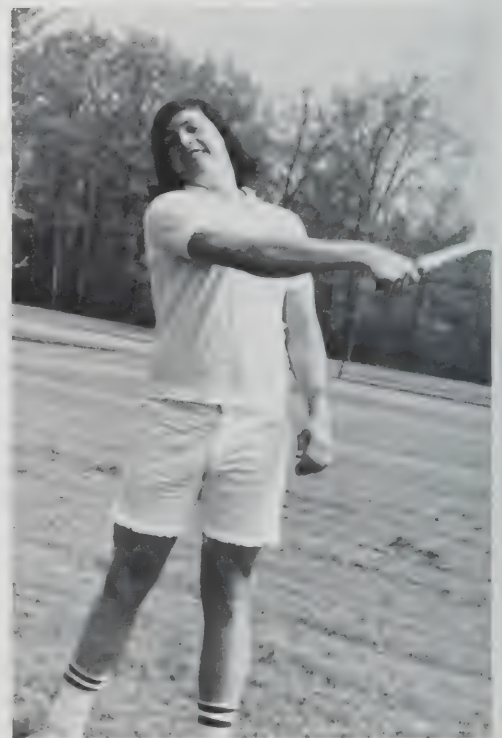

BOYS & GIRLS TENNIS

Front Row L-R: Sandra LaJoie, Melinda LaPrade, Jocelyn Boudreau, Brenda Nickerson. Back Row L-R: Coach Baltimore, Beatrice Ouellet, Liane Hawke, Mary Folmer.

Kneeling: Coach Espie. Front Row L-R: William Casson, Guy MacDonald, Lee Siciliano, Dan Moran, Terry O'Callaghan, Jay Hendrickson, Ron Surette. Back Row L-R: Karl Bernhardt, Mark Graves, Mike Lefebvre, Wayne LeBlanc.

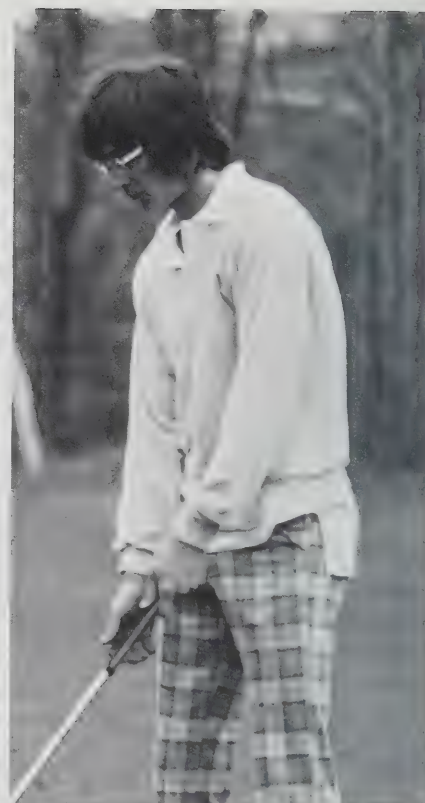

TRACK 1974

Front Row, L-R: Kirk Edmands, Bruce Beckwith, George Bergeron, David Leger, Walter Paton, Danny Lashua. Second Row L-R: David Brisebois, Joe Hebert, Ed Fitzgerald, William Lyons, Walt Hanson, Peter Wuoti. Back Row L-R: Coach Nicolazzo, Arthur Weidenhof, Paul Vaillancourt, Kenny Clapp, Chuck Waite.

GOLF

Seniors: Front Row L-R: Rick Babineau, Dave LeBlanc, Rick Roy, Back Row L-R: Paul Orlando, Bruce Roberts, Tom Jeffrey, Wayne Begnoche, Coach Cormier.

Not in picture: William Bursch, Pat Shields, Kevin Demers, Dave Varno, Joe Mitchell, Dan West, John O'Callahan, Bob Wilson.

S O C C E R

This year Soccer became a real part of the Sports Program at our school.

In its organizational year, Soccer at "Monty-Tech" offered an exciting alternative to Football and Cross-Country-namely, a lively, spirited game-one which required a unique combination of agility, speed, endurance and coordination. It was not long before the team realized that Soccer was not merely a game in which they were to kick the ball around the field. As in all sports a good player is a thinking player, one who can think ahead, set up a play, perceive the situation and capitalize on it!

Considerable credit has to be given to a group of boys who came out for a brand new sport, knowing that there was no set game schedule, no great publicity and knowing that they would not be receiving a letter this year.

Our record (1-3-1) does not at first seem impressive. However, when you consider that no more than three goals were ever scored against us, our team has done a fine job. Next year, the opposition teams had better have respect for the Monty Tech Soccer Team.

Front Row, Left to Right: Steve Derosier, Bernie Belliveau, Doug Roberts, Robert Cardinal, Scott Steinberg, John McGrath, Arthur Fournier, Greg Giannetti, Joe Hebert. Standing, Left to Right: Mr. Morris, Head Coach; Walter Parr, Bill Lyons, Walter Paton, Mike LaJoie, Scott Bailey, Richard St. John, Charles Landry, Kirk Edmands, Jim Swisher, Kevin Boudreau, Willie Casson, Dan Gage, Mr. Gransewicz, Assistant Coach.

GIRLS FIELD HOCKEY

A Field Hockey team was organized for girls this year. They played a schedule of seven teams with a record of 2 wins, 3 losses, and 2 tied. The teams they played were Narragansett, Cushing Academy, Gardner, and Assabet.

Standing, Left to Right: Diane Amico, Lisa Gendron, Sandy LaJoie, Bea Ouellet, Michelle Howlett, Donna Leger, Coach Nola Sapienza. Sitting: Andrea Defazio, Corinne Maillet, Ann Marie Dembek, Tina Boudreau, Donna Leger.

GIRLS BASKETBALL

Front Row, Left to Right: Valerie Stockwell, Tina Boudreau, Captain Donna Leger (Junior), Captain Diane Amico, Michelle Howlett, Diane McCaw, and Susan Szoc (missing), Scorekeepers. Back Row: Corinne Maillet, Beatrice Ouellet, Eleanor Demont, Donna Leger (Senior), Nancy Renaud, Ann Dembek, Coach Nola Sapienza.

VARSITY BASKETBALL

Co-Captains Mark Graves and Robin Pratt led the 1974-75 Basketball Team this year. Mark and Robin competed in their third year of Varsity competition. Mark set three records this year; For Most Points In A Game; For Most Points in a Year; and For the Most Points in a Career. Although the record of this year's team was not that good, they played more competitively than ever before.

Front Row: David Wade, Co-Captain Robin Pratt; Jimmy Bourgeois, Richard St. John. Back Row: Coach Mike Nicolazzo, John Murray, Paul Landry, Co-Captain Mark Graves; Robert Desmond, Richard West. (Missing is Brian Landry).

J.V. BASKETBALL

The Junior Varsity program had its best season this year. Coach Carnie's Cagers had fine starters led by David Stone and Wayne Shaw and a strong bench that they could substitute like the "Celtics", using six, seven and even eight different players during the course of a game. At this writing, they had won six in a row and had an overall record of 10-3.

Front Row: Alberto Lopez, Craig Little, Lee Siciliano, Danny Morin. Back Row: Coach James I. Carnie; Jimmy Milbert, Mark Scachetti, Roger Fluet, Wayne Shaw and David Stone.

We're Number One!

As we go to press, the "Monty Tech" Hockey Team won the Division Championship of the North Central Massachusetts Hockey League for the second year in a row!!

Honors were awarded to Linemen Ken Richard and Ronald Roy, and Goalie Harry Stone who were chosen for the National Division All Star First Team!! Honorable mention was awarded to Dom Baggio and Mark Thibodeau.

HOCKEY

Ken Richard was high scorer for the League with 26 goals and 22 assists. Ronald Roy was second in the Division with 13 goals and 15 assists.

This was a total team effort for an impressive 9-4-4 season's record and this team will be as spirited in the coming Championship Playoff.

Front Row L-R: Joe Belleisle, Henry Richard, Ben Surro, Harry Stone, Jim LaPrade, Mike Wirtz, Ron Vautour, Bob Comier. Back Row L-R: Coach Al Coolidge; Ken Richard, Captain; Steve Grenier, Assistant Captain; John Leonard, Ron Roy, Captain; Don Couture, Mike Forgues, Paul Dube, Captain; Ross Naylor, Mark Thibodeau, Assistant Coach Dave Hamilton (Missing from photo) Mark Brusso. J.V.'s Dave Pelletier, Bob Thibodeau, Jack Wales, Dennis Atkinson, Rich Zablonki.

Spirited Cheerleaders

Football: Standing Left to Right: Karen Vaillancourt, Debbie Dykeman, Linda Desaulniers, Sue McDonald, Anne Worthley, Co-Captain. Sitting Left to Right: Lisa Gallant, Sharon Pandiscio, Sharon Paton, (held) Jennifer Reid, Annette Clayton, Co-Captain; Eleanor Demont (absent).

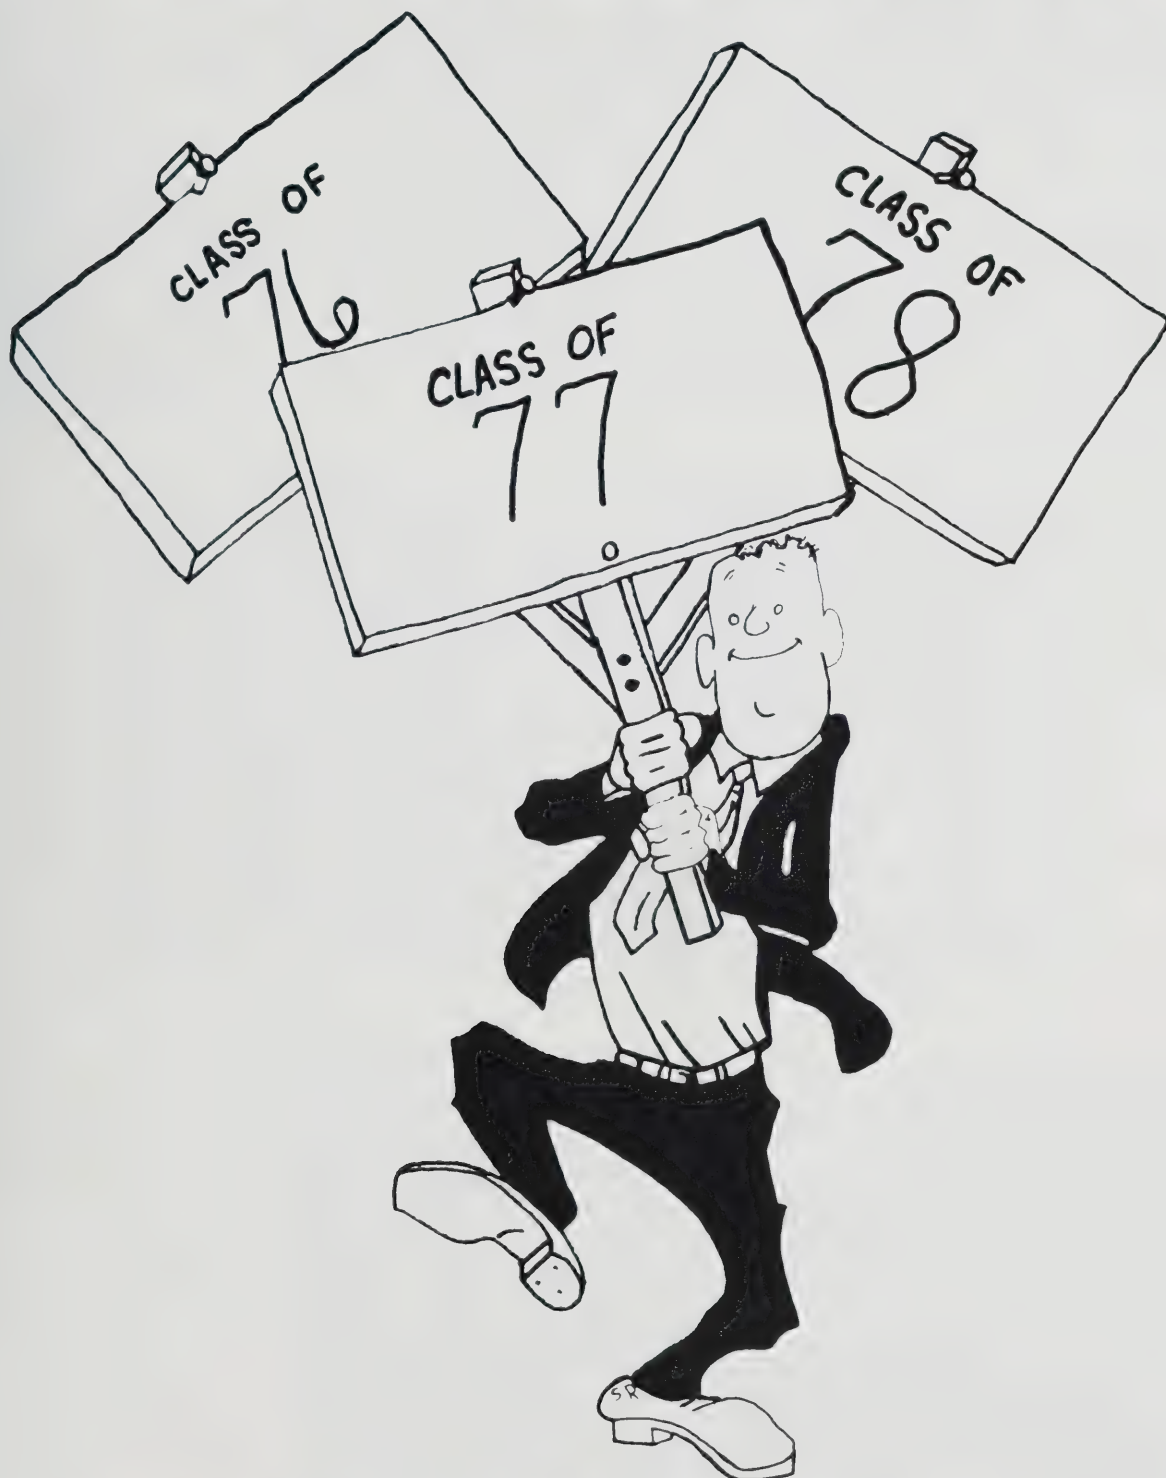

Hockey: Sitting: Sue Cormier, Co-Captain; Kathy Quinn, Co-Captain. Standing Left to Right: Carrie Maxfield, Diane Jimenez, Mauri Milligan, Mary Duchaine, Ellen Koula.

Basketball: Standing Left to Right: Anne Worthley, Co-Captain; Karen Vaillancourt, Sue McDonald, Debbie Dykeman, Annette Clayton, Co-Captain; Rose Lyons (absent). Front Row, Left to Right: Jocelynn Boudreau, Sharon Pandiscio, Sharon Paton, Mary Peterson.

ACTIVITIES

Student Council

The Student Council has become more influential in the affairs of the school. At present, the Council is working on the creation of a school store and several other proposals which affect the student body. Any student with a school concern is welcome to bring it before the Council and the Council will attempt to take the appropriate steps to a satisfactory solution.

Front Row Left to Right: Joanne Meagher, Sally Paul, Joyce Colello, Anne Worthley, Lisa Holland, Christine Morse, Sharon Paton, Treasurer. Back Row Left to Right: Mrs. Albrecht, Assistant Advisor; Larry Bell, Joey LeBlanc, Walter Paton, Doug Roberts, Cliff Jacques, Keith Bussiere, Bill Clemence, Kevin Boudreau, Mr. Morris, Advisor. Missing From Picture: President, Suzanne Cormier; Susan Mularella, Steve Stewart, Donna Leger, Dan Dora, Vice-President Maureen Milligan.

Student Advisory Council

The function of the Student Advisory Council is to bring pressing problems to the attention of the School Committee. Problems such as student smoking, Course Offerings for girls in the Exploratory Programs and quantity and quality of the Lunch Program are some areas that have been discussed with the School Committee. The Student Advisory Council is the most powerful voice that the student body has working for them.

Left to Right: Mr. Morris, Advisor; Douglas Roberts, Larry Bell, Anne Worthley, Cliff Jacques, Bill Clemence.

Our Junior Prom May 10, 1974

The Junior Class broke tradition by having the Prom outside the school. Held at Holden Country Club, it was a night to remember as the class of '75 honored the class of '74 at the Junior-Senior Prom.

Welcome Freshmen Sept. 27, 1974

A day for the "Freshmen" to become acquainted with the many shops and activities available at "Monty Tech". Freshmen were given the opportunity to throw a wet sponge at Mr. Horgan; throw darts at pictures of teachers, win prizes at Game Booths, ride a horse, dunk for apples and many more fun activities. A "tug-of-war" between Home rooms, a "pie eating contest" and the first "Football Rally" of the year, climaxed a delightful day.

"Ellen, what are you fishing for?"

"Take a good aim"

"Excellent weather for Golfing"

"First 'Growl' of the year."

"The Lucky Number is!"

"Does It Remind You Of Any One?"

"The Three john's."

"What's A Fair Without A Clown?"

"The 'Wet Heads' Are Back"

"It Looks Like Dianne Was Winning"

"Is That A Requirement For Electronics?"

"The Juniors Have Class"

"The Old "Soft Shoe" Routine."

"I'm A Horse Of Course"

"An Apple A Day Keeps The Doctor Away."

"Want'a Kiss Baby?"

"You Think I Can Do It?"

"I Ate The Whole Thing"

"The Junior Class Kit Cat Throw"

Dedication Dance
November 8, 1974

In Memory of Roger Demers, his classmates and friends have dedicated this Yearbook to him by supporting the Dedication Dance. A presentation to his family was read by Joyce Hachey and Kathy Quinn; this was our way of remembering a most respected friend and classmate.

Ten Little Indians *December 5, 6, 7, 1974*

The production includes numerous murders, screams and gun shots; the cast delighted in startling the audience, with unexpected lines, sounds and moments that totaled a play of great suspense. The Drama Club presented a truly professional performance which was enjoyed by all.

The cast of "Ten Little Indians", under the capable direction of Messrs. Steven E. Johnson and Timothy J. LeBlanc, kept the audience in suspense from the first scream until the last! The audience was able to identify with the threats and anxieties the actors faced, as the play was set as "theatre-in-the-round" with the audience sitting on three sides of the superb set.

Front Row: Tim Wilson, BUTLER; Lisa Holland, MISS BRENT; Robert Desmond, LOMBARD; Suzie Hebert, VERA; John Maloughney, DR. ARMSTRONG; William Gamache, GENERAL MACKENZIE; Candy Vanderbilt, MRS. ROGERS. Back Row: Walter Parr, NARRACOTT; Joseph Lyman, WILLIAM BLORE; Thomas Ptak, MARSTON; Brett Mallard, WARGRAVE. Missing is Rhonda Driskill, who played VERA on Friday evening.

Winter Carnival

February 7 and 8, 1975

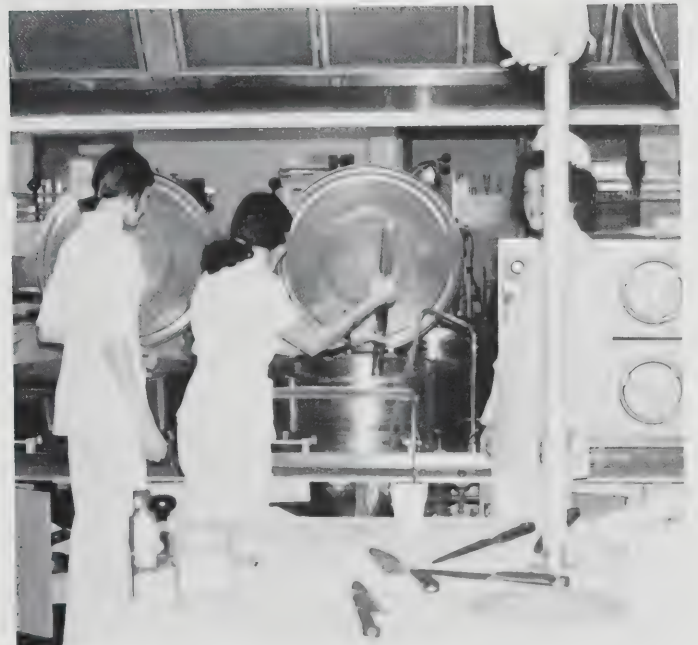

Fun and frolics highlighted the second Annual Winter Carnival which included Basketball and Hockey games; a Soc Hop, a delicious Spaghetti Supper, a Winter Dance on Saturday evening and prizes galore for winners in every category.

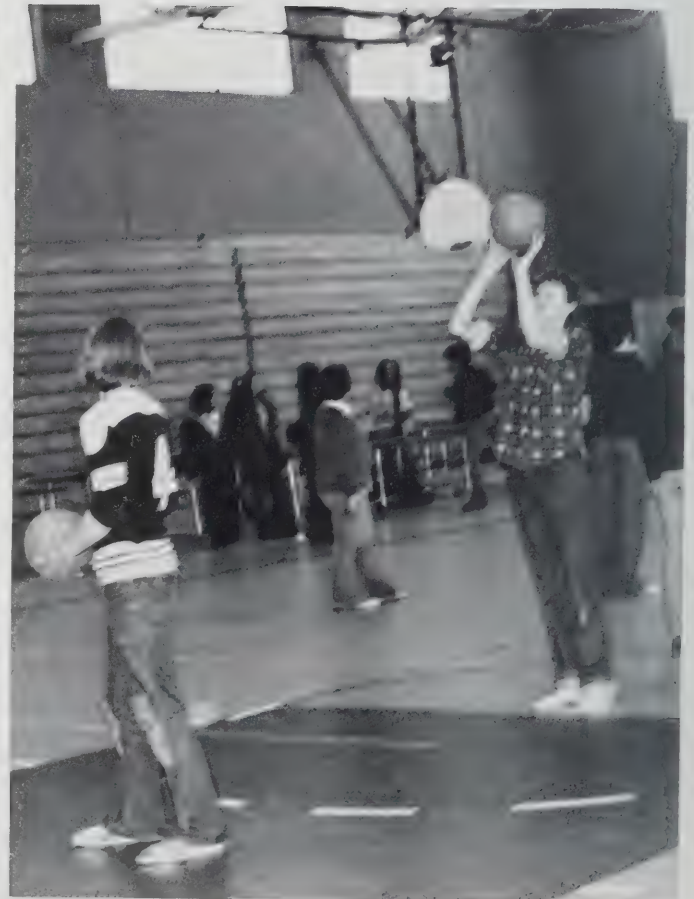

The judging of the Snow Sculpture Contest climaxed the two day festival. First prize was awarded to Commerical Art for "The Monty Tech Bulldog"! Second prize to Plant Maintenance for "The Sphinx" and third prize to Graphic Arts for "The Whale" . . . and it was a "whale of a good time"!

"Queen of the Winter Carnival", Miss Candy Vanderbilt, with Cathy Thompson (left) and Mary Folmer (right) runners-up.

Editor: Peggy Colon

To the Class of '75:

This Yearbook was assembled by a few dedicated and spirited Seniors. My thanks to those who elected me Editor, and helped in any way to complete "Odyssey '75". There were problems; others were inspired. Thanks to Mr. Viau and Mrs. Aubuchon, who kept us going. The Yearbook Staff hopes that you enjoy this book, both now and as you look through it in future years.

Peggy

Advisors: Mrs. Margaret Aubuchon, Mr. Paul Viau

Layout: Lil Rosevear, Peggy Colon, Donna Vaillette

Business Manager, Donna Vaillette, Marsh Pickering, Richard Kustra, Bernie Belliveau, Richard Carson (absent).

Shawn Rosecrans:
